		<p>种充实感和欣慰感。</p> <p>Retirement is a kind of contribution with its specific value and significance. Retiring from original positions means vacating positions and professional titles for younger generations. Isn't it a kind of contribution to make room for younger comrades? For example, I am a former university professor, graduate student tutor, academic leader and also in other positions. Since I have retired now, the tension in the quota has been eased to some extent with more chances available to promote younger students. Hence, a plan for team building can be implemented smoothly. If we can truly recognize this point, a sense of fulfillment and euphoria can be acquired.</p>
